

Smart Assessor handbook

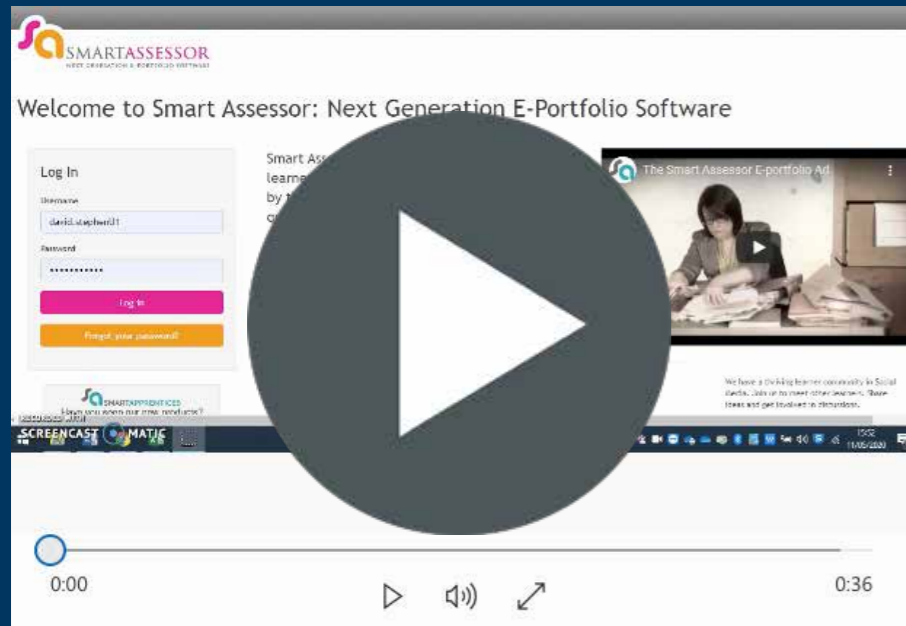

SMARTASSESSOR

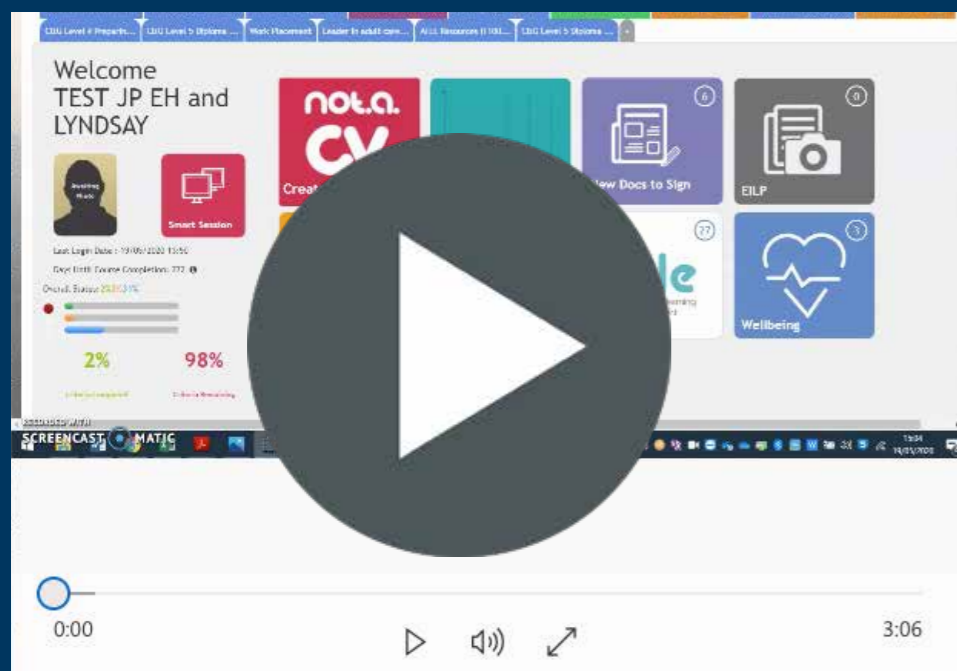

Smart Assessor is the online portfolio that you will use throughout your duration of your apprenticeship.

The platform is used as a way of recording your progress towards all parts of your learning journey including helping you to interact with your vocational coach, creating action plans to support your progress, uploading your evidence for your course, reviewing the feedback left for you and enabling you to access the resources and activities you will need. Click the play buttons below to view the videos.

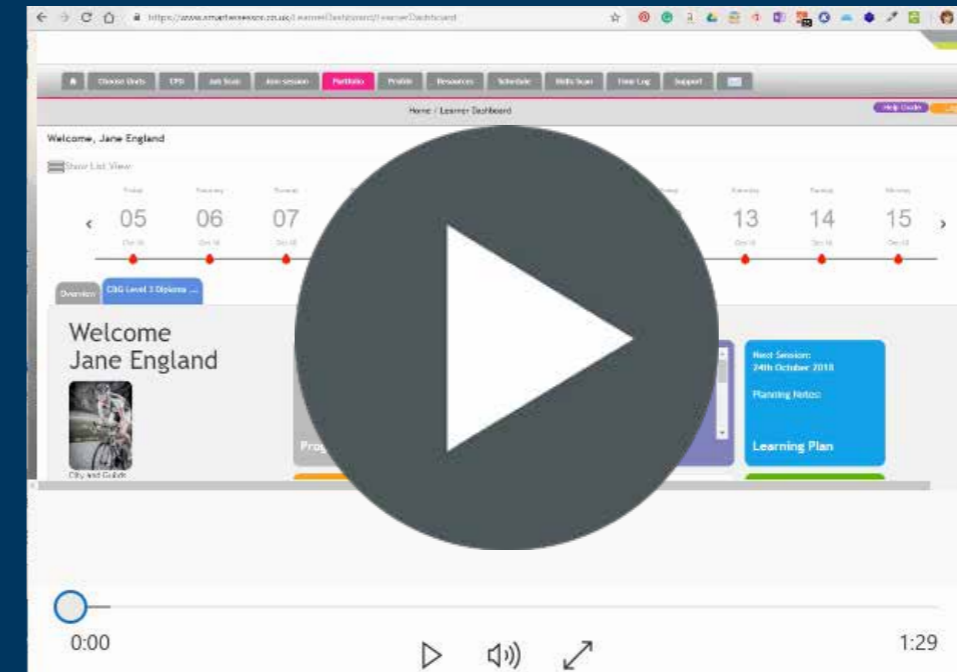

1. Logging onto the system

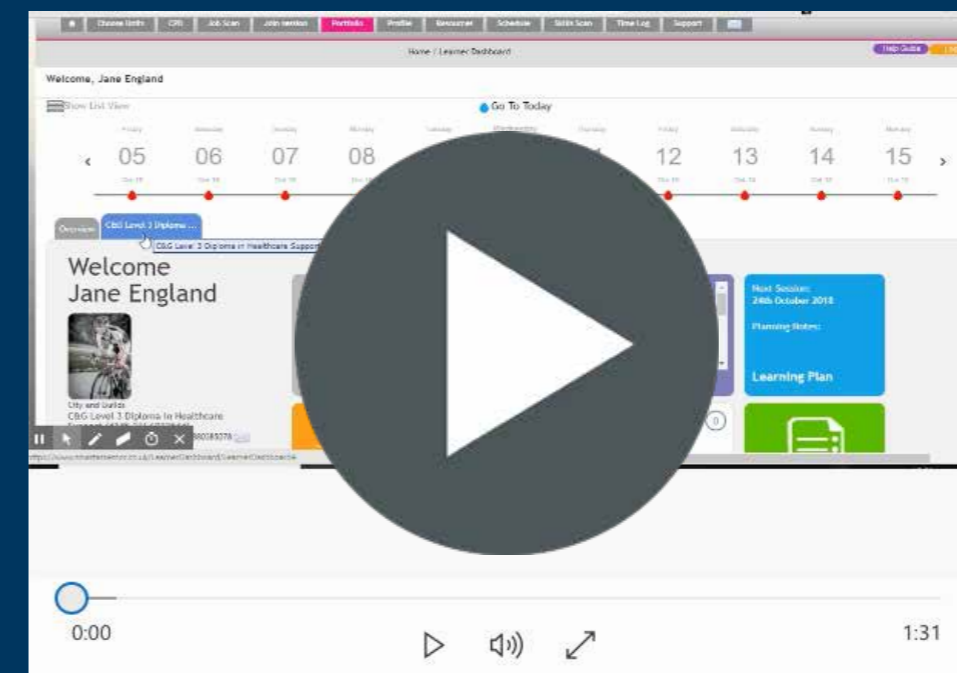

2. Navigating the Smart Assessor dashboard

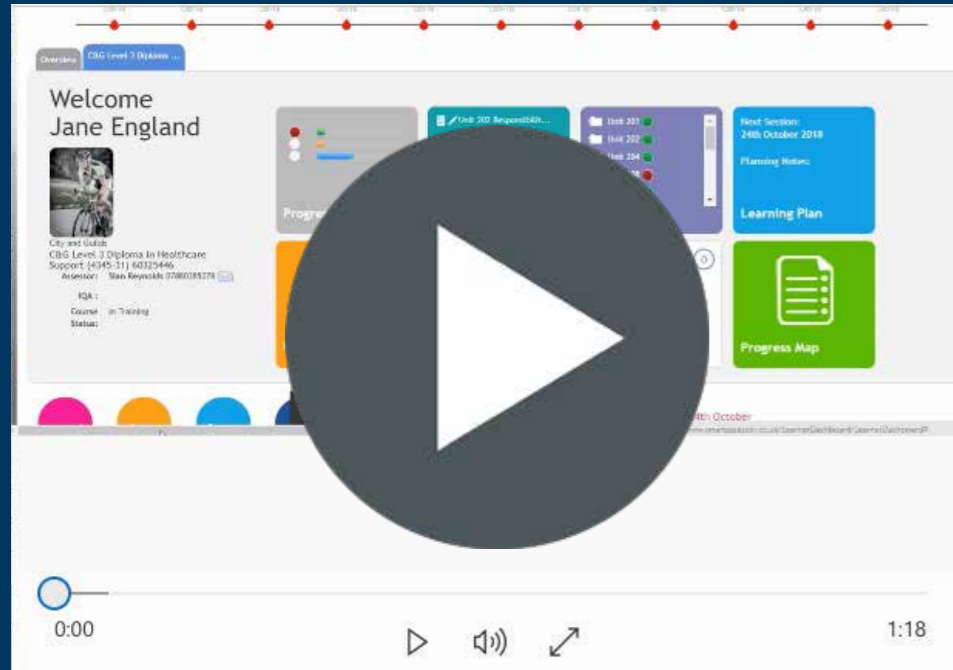

3. Viewing sessions and outstanding actions

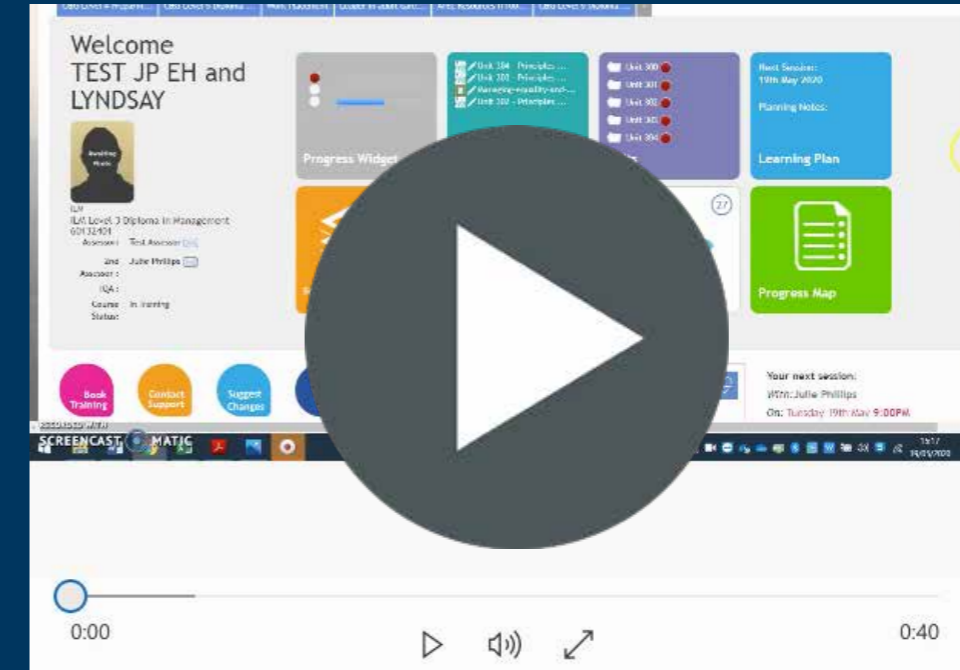

4. Uploading work to Smart Assessor

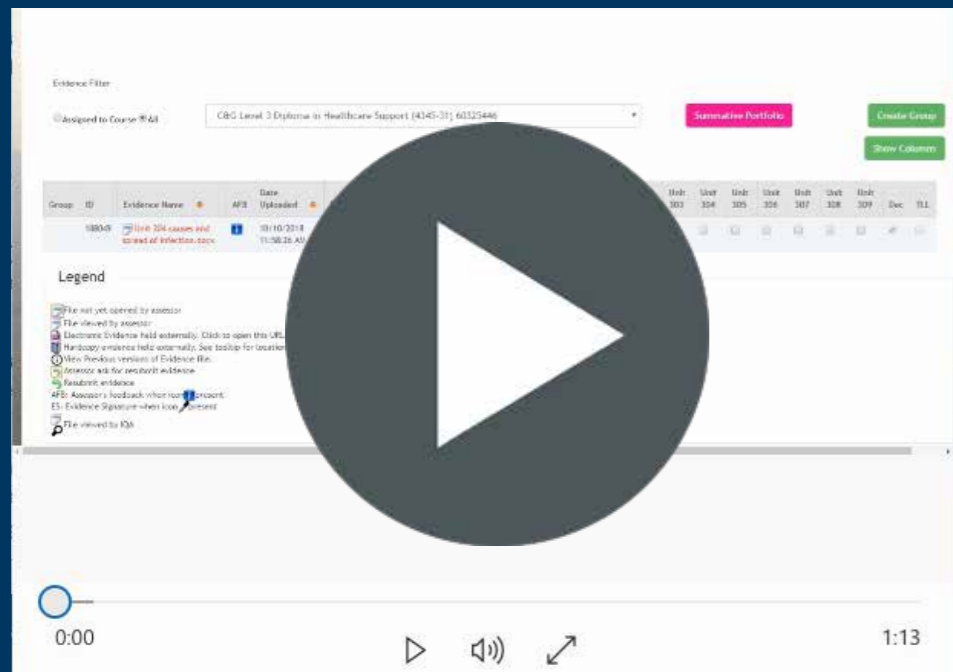

5. Viewing feedback from your assessor

7. Leaving feedback for your learning sessions

6. Resubmitting your work

8. Accessing VLE activities
